

BOUNDARY LINE

BOUNDARY LINE features a high visibility braided multifilament polypropylene cover over a parallel strand core. The fibers are UV stabilized and will not absorb water. This line will retain its flexible yet firm hand even in cold weather. It is available in bright orange or lime green with our Night Bright or Night Bright Xtra reflective tracers for maximum visibility in low light conditions.

Boundary Specs		
Diameter	Metric	Average Tensile Strength
1/4"	6	1,510
5/16"	8	1,730
3/8"	10	3,220
