

## RESPONSE LSK (Low Stretch Kernmantle)

New for 2020 is **RESPONSE LSK**, a balanced Kernmantle Double Braid Static Rope with a Nylon Core and High Tenacity 48 Carrier Cover. Low stretch Kernmantle rope is ideal as safety line or static descent rope to work in conjunction with relevant safety equipment and training. The robust 48 carrier cover allows for high abrasion resistance and durability while retaining a firm round shape for use with descent control devices. Response LSK is CE Certified and is compliant with EN 1891 safety standards. Optional sewn eyes are available upon request.
